

LaGrange County RC Club

February 08 Newsletter

The meeting was opened by President Ed Chobot at 7:05. Eight members present. Minutes were read and approved. Jim gave the treasurer's report of \$365.04 and listed an expense of \$20 for a new flag. Minutes were approved.

Old Business: We voted to allow Park Flier AMA members into our club. We are to make sure that they adhere to their limitations. Dave gave a report on the field maintenance. He indicated that he intends to roll this spring and possibly the county can secure some top soil for us. We might have to get some grass seed.

New Business: Nominations and elections are delayed a month. We had poor weather and the meeting was light. We will have nominations in March and vote in April. The field winter maintenance was provided by Tommy. He made sure that we winter fliers had access. It was approved to grant him free membership this year. We also received \$10 donations from Jim and Vern.

Editors Comments: We experienced another snow storm the night of the meeting. So we held a small roundtable discussion on various things and cut the meeting short.
