

LaGrange County RC Club

August 08 Newsletter

Eric opened the meeting at 7:00. Minutes were read by Jerry and were approved. Jim gave the treasurer's report. We have \$447.20 in the bank. Seventeen members were present.

Old Business: None

New Business: A replacement flag was purchased by Jim. Jerry ordered and received mower parts for the gang mower. Jerry Brown donated a filled five gallon can for the field tractor. A club picnic was decided to be held at 1:00pm Saturday September 13th. The following people committed to the following. Mike will bring hot dogs. Jim will bring pop. Jerry Bystry will bring paper plates, ketchup, mustard and chips along with macaroni salad. Eric will bring a grill. Other food by whomever. This will be a club member outing. AMA guests by invitation. Plan on early evening too. Late September or October we plan on moving some of the fill dirt and leveling spots on the East end of the field.

Editors Comments: The weather has been dry and the field although being brown has required very little attention these past few weeks and is in good shape.
