

LaGrange County RC Club

June 09 Business Newsletter

Vern opened the meeting in Dave's absence at 1:00. Minutes were read by Jerry and were approved. Treasurer's report given at approximately \$550. 11 members present. Next meeting July 11th at the Club Field at 1:00.

New Business: The acquisition of a mower by donation via R.J. was discussed. The mower is a Cub with a 42" deck both Craig and R.J. thought it a very good mower to invest in. R.J. will be taking it to Topeka where they will service it and make minor repairs. We should have it maybe by the July meeting. It was decided to sell the large gang mower. Paul offered to trade it for a paddle boat for the pond but it was decided that a paddle boat would be too difficult to use to retrieve a plane. It was also discussed that we might forego the special assessment for 2010. That is to be determined after we get the bill for the mower work

Old Business: R.J. has invited all to his home for a float fly on August 1st with a rain date of August 8th. Bring a dish to pass. More on this later.

Editors Comments: Good flying and good discussions on mowing.
