

LaGrange County RC Club

December 09 Business Newsletter

Minutes from the October were read and approved. Jim gave a treasurers report with \$319.82 in the bank. It was approved. Six members were present.

New Business: Business cards for members to hand out to prospective members were discussed. Jerry to provide a sample for the January meeting. The Scout program was discussed and we decided to invite the local area Boy Scouts and their parents or guardians to the field to introduce them to RC Models. Also, we could have a few members go to a troop meeting for a static demonstration.

Old Business: No old business

Editors Comments: Despite of a lack of new business we had a very good round table discussion.
