

LaGrange County RC Club

June 10 Business Newsletter

Vern opened the meeting with 9 members present. Jerry read the minutes and it was moved to accept. Jim gave a treasurer's report of \$486.82, it too was moved to accept.

New Business: The disposition of the old mower was discussed with Vern to find someone to remove and sell for scrap with the club receiving at least half the sale. It was decided to sell the Seawind for \$800. Vern to take actual pictures and then it will be decided who will post it online for sale. A thank you note will be sent to Greg Hart for the donation.

Old Business: Mowing is going fine with the field being in great shape.
