

LaGrange County RC Club

July 11 Business Newsletter

June didn't have enough attendees for a meeting and the July was good but I got mixed up and left my briefcase home. So I will be working from memory.

New Business: Jerry Brown donated \$20 towards the purchase of a tool box for the garden tractor. Jim spent about \$45 for tools, toolbox, grease gun with extra cartridges and some misc. It was agreed to purchase a new picnic table not to exceed \$150. Vern to procure. Vern also bought an additional one and donated it to the club. Mike Eagan will furnish leveling blocks which will help with dry rot on the legs.

Old Business: Shortening the field was discussed and it was decided to leave it the way it is. We have new members that fly larger planes as well as several of our current members. The extra space is welcomed. The field mowing is going well this year. Dry conditions have given us some breathing room. The field is in good shape. Dave Herr plans on spraying for weeds this fall.
