

LaGrange County RC Club

October 12 Business Newsletter

Vern opened the meeting with 11 members present. Jerry read the minutes and they were approved. Jim also gave a Treasures report of \$1079.55

New Business: No business discussed. We used the day in get the field ready for winter flying. The shelter wind breaks were installed. The picnic tables were stored. We discovered a flat tire in the tractor and Craig took it and repaired it. Also, Ron indicated that he would make new field signs. Craig indicated that Eric has the Community Building scheduled for the winter meetings.

Old Business: None

Editors Comments: True to our philosophy, we do more flying than anything else.
